GTO Association of Maine February 2005

OPENING REMARKS

I'll start this with an apology for not getting a newsletter out to cap last year's season. We had a great cruise to Sunday River - more on that later. Following up from last time - the garage is almost done. 66 sheets of sheetrock (34 12 footers) in the interior. Couple more windows to trim and paint and the inside is done. Actually am starting to organize things in it - that's the part I like. Still need to side the outside this spring. Training in Texas is over 1/2 done. 5 weeks of core classes done, now need to go to 4 weeks of electives. It's great stuff but there's a lot of catching up to do when I get home. Anyone want to take over newsletter duties?

The last bit of news is that my company will be closing my plant where I've worked for the last 16 1/2 years. I'm considering (not too strongly) relocation options. Hopefully I can find a local job so I can enjoy the garage for at least a little while.

PRESIDENT'S MESSAGE

Hello from Florida Having a great time, wish you were here.

Bob

LAST EVENT

As always, host Paul Johnson outdid himself for this great event. We started with a great breakfast at Cole Farms in Gray. The large convoy of GTOs headed out for the next stop at Snow's Falls just the other side of South Paris. Once we hit Sunday River we toured the base camps for our first photo ops. We even found a covered bridge we missed on previous trips. Next on the agenda is GTOAM's favorite event - food. Great eats at the Sunday River Brewpub. We made one last stop at the famous Maine direction sign before heading our separate ways. Great day! Thanks Paul!

NEXT EVENT

Next event is the annual meeting. Traditionally this is held on the first Sunday in May so pencil in May 1 for this one. I don't know the status of Fast Eddie's - Mike do you? I'll leave it to Pres Bob and Mike to let me know the plan and I'll pass it on in the next newsletter.
